Dear Clients,

Well, the babies have finally arrived and both beautiful little bundles keep Maureen and me very busy. We are easing ourselves back into a somewhat normal routine. Juggling our new mom schedules with our professional agendas takes quite a balancing act. But we are confident that shortly both jobs will naturally blend together.

In the meantime, we would like to thank everyone for the mountain of gifts, cards and well wishes. We were totally overwhelmed by the love and generosity we were showered with. Most of all, we are so appreciative to our clients for sharing us with our families during this critical bonding period.

Our team at "Sisters" has grown right along with our families. We are so pleased to introduce Nadine, Kathy and Laurie. Finding professional, talented people is a difficult task. But, we did it! These three ladies are naturals and a welcome addition to our salon. So, give them a try. Sometimes a new perspective can be a pleasant surprise.

A personal thank you to Kelly, for being the glue that held us together during Maureen and my absence. We love you Kelly!

We are blessed to live and work in a community of wonderful friends.

Thank you,

Paula Church

Harbor Days Festival in Mattapoisett

Once again this year, the Mattapoisett Lions Club will be sponsoring the annual Harbor Days Festival at Shipyard Park in Mattapoisett. This yearly family festival is a great opportunity for year-round and summer residents of the seaside town to mingle along the scenic waterfront and enjoy a variety of food, fun and entertainment. The event is a major fund-raiser for Lions Club charities, including their Eye Mobile which provides diabetes, blood pressure, and hearing tests for residents.

Among the newest highlights of this year's busy Harbor Days Weekend will be the First Annual Book Fair/Sale sponsored by the Friends of the Mattapoisett Library on Thursday, July 15 from 10:00 am to 5:00 pm under the tent in Shipyard Park, and a special Mattapoisett Art Show and Sale to be held on Saturday, July 17 from 10:00 am to 4:00 pm at the Mattapoisett Museum and Carriage House (5 Church Street).

The latter will feature at least 80 paintings and sculptures by local artists, all of which will be displayed on the fence and grounds of the lovely garden setting outside the Mattapoisett Historical Museum. A regular meeting of the Mattapoisett Board of Selectmen was called to order on Tuesday, June 13 at 7:02 pm by Chairman Paul E. Lambalot. Also present were Selectman Barry Denham, Selectman Raymond Andrews, and Executive Secretary Carol Adams.

The board first met with Harbormaster Steve

Mach who came before them to request permission to install a telephone pole and light fixture near Barstow Wharf. "We had some vandalism down there last year, and some people have asked if we could put some lighting in there," Mr. Mach said. "We'd like to put one pole in the corner and run wiring underground ... it will be fairly cost-effective, about $10 or $12 a month."

With that, the board unanimously approved Mr. Mach's request to install a lighting fixture and pole at Barstow Wharf.

The board next unanimously approved the minutes of the June 29 meeting and then signed and approved the appointment of Jeanne E. Toomey of North Street and Patricia C. Slater of Hitching Post Road to the Finance Committee (FinCom) for terms to expire in July of 2002. They likewise appointed Wesley Bowman at their representative to the Joint Transportation Planning Group (JTPG) and Barry J. Denham as the alternate for a one-year term.

Under meetings scheduled for the week, Chairman Lambalot noted the Lions Club Strawberry Festival would take place during the Wednesday night band concert at 7:00 pm on July 14; the Lions Club Chowder Supper would begin at 5:30 pm on Friday, July 16; and the annual Lions Club Harbor Days Festival will take place on Saturday and Sunday, July 17 and 18.

Under incoming correspondence for the week, the board received a request from Betty Theriault, Secretary of the Harbor Beach Improvement Association, asking them to reevaluate the speed limit along Aucoot Road. "At our end of the street, the limit is 40 MPH, and we think this is excessive," Ms. Theriault wrote. "The speed limit closer to Route 6 is 30 MPH ... Aucoot Road is a narrow road and is used now in all seasons by many bikers, walkers/joggers, and school athletic teams. One has to frequently jump out of the way of fast moving cars and trucks."

Ms. Adams advised that she has forwarded the letter to both Police Chief James Moran and Safety Officer Paul Magee for their response. Such requests need to be evaluated by both local police officials and the state before any changes can be made in the speed limit.

The board next received a copy of a letter from Greg Sawyer, Chairman of the Recreation Committee, to

concurred, adding that the newly-painted beach house really stands out from the vantage point of the harbor.

The board also received an invitation to attend the SRPEDD's Joint Transportation Planning Group's cookout meeting to be held on July 14 at 5:30 pm at the Westport Yacht Club.

Ms. Adams advised the board that they need to schedule a meeting with the Police Chief, Fire Chief, and Harbormaster regarding a rescue boat. The board members agreed to schedule the meeting for Monday, July 19 at 6:00 pm.

Chairman Lambalot asked about the status of the replacement swings at the town beach. Ms. Adams said the Recreation Committee had ordered new swings and they should be arriving shortly. Once they arrive, they will replace the older, broken set.

The board also briefly discussed future plans to expand the sewer line across Route 6 to the Industrial Park and then along North Street to the Rochester town line. Selectman Andrews noted that Water/Sewer Superintendent William Nicholson is currently working with the Water/Sewer Commissioners to plan out this future expansion, but it will take time and money to accomplish. There's also a need to walk the fine line

SUMMER HEAT

What can I do to make my dog more comfortable in the hot weather?

Leave your dog at home when you do errands. If you must take him in a car, leave the air conditioning on or the windows open, especially if you need to park. A closed car gets very hot very fast. Always have plenty of fresh cool water available. Walk your dog early in the morning or later in the evening when it is cooler.

Are certain breeds more susceptible to heat induced problems?

Yes. Dogs with short noses like bulldogs, pugs, Boston Terriers and Lhasa Apso's. These dogs have trouble breathing under the best of circumstances. When it is hot and they pant to cool themselves, they may experience swelling of their throats, making breathing even more difficult.

How can I help my dog when it is hot and he is panting hard?

Help him cool himself. Put him in an air conditioned room, wet him down and blow a fan over him, or let him chew ice cubes.

between offering these improved services to existing residents without making unbuildable parcels too attractive for developers.

"Most residents want sewer lines ... but they also want to keep things the same," Selectman Andrews said. "We're lucky in that we have just over 10,000 acres of land in Mattapoisett and a good 25 percent of that is wetlands which will never be buildable."

"If you've got a piece of property which won't pass a perc test for an on-site septic system and you run a sewer line (by it), you've made that a buildable parcel," Selectman Denham said.

At 7:40 pm the board voted to recess until 7:45 pm, at which time they planned to go into Executive Session with the Bike Path Study Committee under Exception 6 of the Open Meeting Law to discuss "the purchase, exchange, lease, or value of real property." With no further business to conduct in Open Session, they would thereafter adjourn for the evening.

Under the Executive Secretary's report, Mr. Huntoon noted that he had received a proposal from Tibbett's Engineering for a feasibility study of the town's water resources. "I found that a good number of employees at Tibbett's are residents of Rochester," Mr. Huntoon said. "I'm very impressed with the level of their interest ... they're very enthusiastic."

With the board's approval, Mr. Huntoon has been soliciting proposals for the study to determine future plans for Rochester's water resources and examine the town's existing agreements with Marion and New Bedford. "Marion is now looking for another site they can take by eminent domain and I want to make sure we have all our ducks in a row," Mr. Huntoon said. "We have people putting increasing demands on our natural resources."

"This should be a fact-finding study only," Chairman Cutler advised. "I don't want to (aggravate) the other communities. But I think we should go ahead with this plan."

With that, the board unanimously voted to allow Mr. Huntoon to proceed with the study and select firm to oversee the project.

Chairman Cutler noted that the Police and

Communications Facility Study Committee had met recently but still hasn't recommended an appointee to the project's Building Committee. He asked Mr. Huntoon to contact them so they could schedule a meeting. He also suggested that the newly-formed Building Committee be charged with hiring an "Owner's Representative" for the project, who would serve as a liaison between the town and the contractor.

"We need to come up with a definition for the position," he said. "I appreciate the people who have been offering their expertise thus far, but we need to select someone with the appropriate credentials." The board agreed to come up with a job description by their next meeting.

Under Old Business, the board continued their discussion of appointing an Assistant Treasurer as per Town Treasurer John Hall's request. "The (Massachusetts) Treasury Department said they would prefer to have the Assistant Town Clerk serve as Assistant Town Treasurer under state statute," Selectman Parker said. Ms. Parker added that one of her assistants could serve in Mr. Hall's absence, and they were not required to be bonded under state law.

Chairman Cutler recommended that Mr. Hall submit a written recommendation for an Assistant Treasurer and also asked that written confirmation of the conversation with the state Treasury Department be obtained before the appointment is made.

Mr. Huntoon noted that the Town Hall voice mail system was in the process of being installed this week, and should be up and running by Thursday. He also said the air conditioning unit for the Town Hall Conference Room was ready to be installed this week.

Selectman Parker informed her fellow board members that the Attorney General's office had approved the recently-passed Historic District By-Law for the town, which is now in effect. "We're actively pursuing members for the Rochester Historic District Committee," she said.

Chairman Cutler asked Mr. Huntoon to contact Susan Adams of the Rochester Historic District Study Committee to let her know that they need to move forward with selecting members for the permanent committee.

On a similar note, Chairman Cutler said the issue of locating a potential cellular phone service tower in Rochester has sparked some debate regarding future requests of this type. "We have one by-law on the books requiring companies to come before the Planning Board (for cellular towers)," he said. "But I think we need to put a small committee together to plan where future cellular towers are located in Rochester." With that, the board unanimously voted to form a telecommunications tower siting committee.

Chairman Cutler also reminded his fellow board members that they need to do a performance review for the Executive Secretary's position. "I think we should each fill out our own performance sheets and have the chairman sit down with (Mr. Huntoon) one-on-one to go over it," he said. The board agreed with this approach, and Selectman Parker added that performance reviews should be done for all town employees since they've yet to hear from the Personnel Board on this matter. "I think it's unfair to not give our employees the proper guidance," she said.

Mr. Huntoon and Chairman Cutler briefly discussed the newly-designed town website which is up and running. Though material still needs to be added, the site is now online and will provide information on the town and related government services. The website address is http://www.welcome.to/townofrochester.

The board then went into a lengthy discussion on the designation and naming of town roads and streets. Apparently, the Planning Board has been allowing residents to choose whatever names they prefer for private ways and for future consideration as public roads. The board felt some type of consistency should be followed to avoid confusion.

In an effort to establish some future guidelines, the board suggested that the term "Drive" be used to designate a private road or common driveway; that "Road" and "Street" refer to accepted public ways; that "Way" be used only for those roads leading to one-lot subdivisions; and that "Lane" be reserved to designate dead-end streets. The board also agreed that the following terms should no longer be used in naming streets in Rochester — Avenue, Terrace, Boulevard, Plaza, Court, Path, or Trail.

The board also unanimously voted to ask the Planning Board to look into the existing accepted roads in town to determine which need to be changed or amended under the newly-proposed guidelines.

Mattapoisett Track Club

A new season for the **Mattapoisett Track Club** has resumed at the Old Rochester Regional High School Track. The summer track season will run every Monday and Wednesday night through August 11. Practice will begin at 6:00 pm and end at 8:00 pm. Registrations will be accepted every night before practice. Membership fee is $30 for one and $60 per family. Once again, **Geoff Smith** will be head coach and will be running a pre-club workout. Anyone wishing to work with Geoff should be at the track by 4:30 pm on Monday and Wednesday. Club membership is open to everyone, regardless of town residence or age. If you have any questions, please call **Mary Ann Amoruso** at 758-3726.

Mattapoisett Tennis Association

The current goal of the **Mattapoisett Tennis Association, Inc.** is to bring the four town tennis courts in Mattapoisett on Hammond Street up to United States Tennis Association (USTA) standards. The necessary improvements would be made by private donations, appropriated town funds, and volunteer labor. Monetary grants from the USTA for tennis programs are available if the courts meet these standards.

Upon completion of the improvements to the courts, the association would offer and coordinate recreational programs for tennis players of all ages. These might include group lessons, clinics, teams, leagues, and tournaments. Improved courts would also insure that Old Rochester Regional High School tennis teams have acceptable home courts.

This ambitious project cannot succeed without community support. Contributions are tax-deductible and should be sent to: MCTA, c/o Carleton Burr, Treasurer; 27 Ned's Point Road; Mattapoisett, MA 02739. For more

Letters to the Editor

To the Editor:

The Garden Tour sponsored by the Mattapoisett Woman's Club was a wonderful success. We are grateful to all the members and volunteers who participated in this benefit project. We especially want to thank the individual families who permitted us to show their beautiful gardens that were perfectly manicured and showed the gardeners' individual creativity.

Many thanks to the Mattapoisett Historical Museum who graciously allowed us to use their front lawn for tour guests to stop, relax, and enjoy the refreshments. It was a beautiful day with fabulous gardens, many garden tips shared, photos taken, and friendly people who stopped and enjoyed a sea breeze here and there. Thanks to all the people who took the tour and helped us to enhance the Scholarship Fund and Ways and Means Committee.

To the Editor:

The tenth of August, 1998 was the longest day of my life. My plane left Moscow at 2:00 pm (local time). I was in New York at 4:00 pm (Eastern time). A ten-hour flight meant as little as two hours.

My name is Boris Lokhman. I was this year's American Field Service (AFS) Intercultural Programs Exchange student at Old Rochester Regional High School (ORR). As one might guess, I'm from Russia.

Off the bat, I want to say how wonderful and how important this experience was. I met an enormous number of people. I made new good friends, I visited places I haven't dreamt about, I saw things I haven't heard of. Coming to the United States was unbelievable. Considering some Russian stereotypes about America, I literally couldn't realize that I actually made it. I still remember that shock: I got off the airplane, and the only language I could hear was English. There's no Russian around me — everyone and everywhere speaks English.

At this point, I would like to introduce my host family: Christopher and Cynthia Latham, and also Leah, Hunt and Charlie. There aren't enough words to describe how thankful I am to these people. They made the experience possible, and it will stay in my heart forever.

I would also like to mention Elizabeth Leatham, my AFS Support Representative and Liaison; and Mr. Rich Ellis and Mrs. Ruth Jefferson, AFS advisors at school. They really helped me throughout the year. Thank you for your support. Thank you

Mrs. Leatham. Special thanks also goes to my teachers: Mr. Shannon, Mr. Cameron, Doc. Hamer, Mr. Connolly, Mr. Rogers, and Mr. Alves. I'm also grateful to the kids at ORR who welcomed me, made my stay very comfortable, and became my best friends (random order): J. Auld, M. Rocha, D. Normand, W. Turkotte-Shamski, and J. O'Brien, and many many many others.

This wonderful experience wouldn't have been possible without the American Field Service, which I personally consider the best exchange program in the world. So I would like to encourage everyone who's thinking about doing some kind of exchange to go right ahead and do it. You will never regret it. And you will never forget it. It really opens your eyes and shows you the world around. You begin to understand some things you've never thought about before. You make discoveries in everyday life which amaze you. So, the last thing you would want to do is not go for it — opportunity and experience of a lifetime.

To end this letter, I would like to once again thank my host family. They were the first ones to welcome me, they were always there when I needed their help and support. They were my family. Thank you very much to the Latham family!

Sincerely,
Boris Lokhman

HOME OWNERSHIP PRO & CON

Should you buy or should you rent? Both have their place. First, renting can be the answer for families who know they'll only be in the area for a short time or who prefer not to contend with maintenance. It's also the only solution for anyone with insuficient funds for the down payment on a home.

The main disadvantage of renting is a financial one. As living costs rise -- so do rents. A lease may protect you temporarily, but when it expires, the landlord is free to increase the rent -- even under rent control when justified. Rent payment cannot be deducted from income tax as the homeowner can deduct real estate taxes and interest on the mortgage payments.

Your best buffer against inflation is to own your own home. You'll also be pleasantly surprised to find it also is one of the best financial investments you ever made. Today, the typical homeowner's biggest and fastest growing asset is the family home. Call us. We can help.

Marion Art Center

Scott Kennedy

The Marion Art Center is now presenting a solo exhibition by marine artist Scott Kennedy through July 28. Scott Kennedy's pursuit of marine art began as a youth, growing up in Newport Beach, CA. At the age of 13, his talent and unique style were recognized and encouraged by famed naval artist Arthur Beaumont.

After studying art at Bellas Artes de Mexico in San Miguel de Allende, Mr. Kennedy traveled to Denmark in search of a traditional wooden boat to restore. He and his wife Karen (of Mattapoisett) lived on the Danish Kutter *Svanen* for ten years. During that time, Mr. Kennedy pursued his work in pen and ink and engraving of the waterways and architecture of northern Europe. He counts Albrecht Durer and the Van de Veldes as strong influences on his work.

Mr. Kennedy returned to America and has chronicled three America's Cup races on location in San Diego and Western Australia. He has been the official artist for the Newport to Ensenada Race, the world's largest international yacht race, seven times. The shows of his works have achieved much acclaim.

Mr. Kennedy prefers to work on location, where the magic of light, water and wind keep the work fresh. "Waking up each morning to a new sky and sea, and ever-changing craft afloat hold my fascination with the challenge of capturing the environment. My favorite subjects are elegant racing craft of any vintage, traditional vessels, and workboats. In some of my work there is a trace of whimsy." He recently spent time in Mattapoisett and recorded images of the SouthCoast including a pen and ink drawing of the schooner *Ernestina* at Kelley's Shipyard in Fairhaven.

When not on the water, Mr. Kennedy can be found at his studio in Newport Beach. He has had several one-man shows and his work hangs in the permanent collections of maritime museums in Germany, Holland, and the United States. He is represented by the J. Russell Jinishian Gallery in Fairfield, CT; the Peninsula Gallery in Sydney, BC; and the Graphics Gallery in Newport Beach, CA. His commissions include publications: *Sail* Magazine, *Wooden Boat,* and *Gloucester Adventure,* to mention a few.

Movie Review

Bomb Threat

BY ROB GONSALVES
local@wanderer.com

■ ***Arlington Road*. Starring Jeff Bridges and Tim Robbins. Directed by Mark Pellington. Running time: 117 minutes. MPAA rating: R. At Cinema 140 in New Bedford.**

Is it possible for a thriller — *any* thriller — to surprise us any more? We go to these things, after all, expecting a certain number of generic twists and turns; there is some comfort (and more than a little boredom) in our knowledge that a thriller will play by the rules, follow the accepted mainstream template. Increasingly, one has to look outside the studio system. *Arlington Road* is getting a nationwide opening and has big-name stars, but notice its distributor: Sony Screen Gems. In other words, this is something of an indie thriller in big-studio sheep's clothing. The movie is both darker and more intimate than you expect. Too bad it goes mainstream near the end.

Arlington Road grabs you from its stressful pre-credits scene, in which history professor Michael Faraday (Jeff Bridges), driving along one afternoon, happens across a boy limping in the middle of the road, dazed and bleeding. The boy, it turns out, had been messing around with a homemade bomb and nearly blew his hand off.

Michael scoops the boy up and rushes him to the hospital; he eventually discovers that the kid is one of three children in the happy family of Oliver and Cheryl Lang (Tim Robbins and Joan Cusack), who live just across the street from Michael and his own little boy. Michael anguishes over the idea that he didn't know the name of his neighbors' son, but we sense that Oliver and Cheryl have been unknown to Michael up to this point because they *wanted* to be unknown.

As it happens, Michael is carrying more than the usual amount of modern American paranoia. His wife, an FBI agent, was killed in a senseless exchange of fire at a remote West Virginia shack; he immerses himself in his courses, where he teaches the history of terrorism and is prone to impassioned rants about the government and their official lies.

Jeff Bridges, who could sell snow to Eskimos, lets us see Michael not as a conspiracy nut but as a grieving widower trying to make sense of a world where children are blown to bits in day-care centers. And he's starting to suspect good-

buddy neighbor Oliver of plotting to blow up a building.

Sharply directed by Mark Pellington, and written by Ehren Kruger with an ear for banal suburban banter hiding sinister truths, *Arlington Road* lulls us for a while into thinking it's about the misplaced mistrust of our era. Tim Robbins and Joan Cusack (whose character could have been fleshed out more) don't make the mistake of playing Oliver and Cheryl as "Hi honey, I'm home" cartoons. They are legitimately likable people, and we want to believe Oliver when, feeling hurt and insulted, he confronts Michael about the snooping he's been doing. We begin to wonder if Michael is merely a good man deranged by loss and obsessed with the spectre of terrorism in every house, at every backyard barbecue.

But the movie has a few curves in store for us, leading to a regrettable car chase that's a little too drawn out. Yet even the car chase, as I look back on it, has come to seem fairly subversive. A car chase is usually the appetizer before the main course, the standard climax in which the hero confronts the villain and blows him away. As Michael points out to his class, we need a narrative — both in movies and in our daily news — in which only one loner is responsible for an atrocity, and once he dies, his evil dies with him. Let's just say *Arlington Road* isn't that narrative. With its big-name stars and its fender-crunching pre-climax, the movie lulls you into a false sense of security; just when you think you've grasped it, it blows up in your hand.

St. Joseph's Golf Tournament

Saint Joseph's School in Fairhaven will be holding its Second Annual Golf Tournament on Saturday, August 7 at the Lakeville Country Club, 44 Clear Pond Road in Lakeville. Beginning tee time is 11:00 am. Sign up as singles, doubles, or foursomes. Price is $75 per person, which includes greens fees, carts and a great hot and cold buffet served after golf. If you do not play golf and would like to join the fun, buffet tickets are also available for $15 per person.

Saint Joseph's School — like most small schools — is trying to find alternative means to raise funds to offset increasing operational and educational expenses. The school relies on tuition, donations and fund-raising sources ... they do not receive any other funding. The Golf Tournament seems to be a fun way of helping to achieve their financial goal.

If you would like to sponsor Saint Joseph's School or would like to play (or both), please send your tax-deductible donation to: Saint Joseph's School, Golf Tournament, 100 Spring Street, Fairhaven, MA 02719. For more information, please call Cathy Melanson, Development Director, at 996-1983.

This Week's Horoscope

by Linda Black

Aries (March 21-April 19). Odds are good you'll feel compelled to finish up many of the projects you've got going. You're lucky in matters pertaining to love affairs and games.

Taurus (April 20-May 20). You could learn how to save a lot of money from a person who's got enough to squander. You're inspired to apply whatever you're learning in a domestic situation.

Gemini (May 21-June 21). Your luck improves with anything having to do with home, family or any other sort of living arrangements you have.

Cancer (June 22-July 22). You're awesome. Be gentle; you may not know your own strength. Buy yourself a special toy even if it's a tad expensive.

Leo (July 23-Aug. 22). Don't be surprised if your hopes, dreams and fears seem really significant. It'll start to get better. These are your best days for shopping.

Virgo (Aug. 23-Sept. 22). Your friends will be especially important to you. Some deadlines are looming, and the work is due. You'll probably have everything whipped into shape soon.

Libra (Sept. 23-Oct. 23). You could advance in your career. You'll find it easier to work with groups of people, and your negotiation skills will help everyone get along.

Scorpio (Oct. 24-Nov. 21). These are good days for travel, or for going back to college. An older person may try to order you around with disastrous results.

Sagittarius (Nov. 22-Dec. 21). Fill out that loan application. The money you seek will most likely come from a foreigner or a person who's far away from you.

Capricorn (Dec. 22-Jan. 19). Partnerships will be the week's feature. Jointly held finances take more of the spotlight. These are good days for wheeling and dealing.

Aquarius (Jan. 20-Feb 18). It'll be easier to remember all the details, especially if money is involved. You could have a conflict with a partner.

Pisces (Feb. 19-March 20). A partnership could go well for you. Are you finally going to make a commitment? You'll be talking about it.

If You're Having a Birthday This Week: You have amazing power this year to heal, comfort others, learn new skills and make money. That's about as good as it gets.

Words of Wisdom

Minor things can become moments of great revelation when encountered for the first time.

• • •

Genius is another word for magic, and the whole point of magic is that it is inexplicable.

• • •

A foolish consistency is the hobgoblin of little minds. With consistency, a great soul has simply nothing to do.

• • •

The quality of the imagination is to flow and not to freeze.

• • •

No artist is ahead of his time. He is his time; it is just that others are behind the times.
